

Thank you to our teams for all of your efforts with the A-STAR Study.

This is a very exciting period for the register as we are rapidly expanding and we are hoping this will encourage even more recruitment activity into the study.

Recruitment Update

This month, we have surpassed another landmark and recruited over **400** patients into A-STAR!

A massive thank you and congratulations to all of our A-STAR team members for passing this milestone!

Well done to **Dr Johnston, Adam, Michelle, Rhiannon** and the rest of the team at **Leicester Royal Infirmary** who opened at the beginning of the year and have already recruited their **20th** A-STAR participant!

A fantastic endeavour from all those involved!

Centre Update

We now have **25** sites open in the UK!

A warm welcome to our team at **Walsall Healthcare NHS Trust** who are the newest centre to join the study.

Please remember to upload all of your A-STAR study recruits into the **EDGE system** (<https://www.edge.nhs.uk>) in order for your teams to be able to attain accrual points for your hard work with recruitment.
